Symphony Hall Scholars

Looking to the Future

The Mission

Pursuant to MMEA Strategic Direction 3: Diversity & Inclusion, the Symphony Hall Scholars committee will address inequality of access to festivals and auditions, and geographical barriers for state festivals and conferences. The funds raised and distributed by Symphony Hall Scholars will promote the next generation of All State musicians representing the diverse communities of the Commonwealth. The financial assistance provides greater access over time, as an investment in assisting promising music students who, due to lack of resources, cannot compete or participate. A portion of the funds raised will also help defray some of the cost of the All State Concert for those who are selected to participate.

Won't you join us and be a part of that essential mission?
